League Champs

UMBARGER COLTS, winners of Randall County Babe Ruth League, admire their trophy at an ice cream social in their honor August 12 at the L.L. Raef home in Umbarger. Kneeling, left to right, are Stanley Wieck, Mike Wieck, Arnold Liekhus, Vernon Handing, Dale Artho

and Ken Wieck. Standing are coach Bernard Hartman, Virgil Artho, Andy Artho, Leon Batenhorst, Andy Raef, Tommy Haschke and Ralph Batenhorst. Not pictured are Dwayne Gerber and Jim Albracht.

Summer Program Has Exciting Season's End

Canyon baseball season ended this year in a burst of excitement as Umbarger Colts defeated Canyon's Giants in a photo finish contest for championship of the Babe Ruth League.

Colts, coached by Bernard Hartman, finished with a record of 9-4-1 after winning 14-8 in a run-off game with the Giants July 11. Giant coach was Manson Lisle, and their final record was 8-5-1.

Babe Ruth League involved boys aged 12-15 in the summer baseball program, reported league president Dr. Dudley Moore.

League standing of the other five teams at the end of the season was: Pirates of Max Bosley, Jr., third; fourth place tie between White Sox, coached by Tom Keeling and Wayne Hilton, and the Fannin Panthers of Amarillo, led by Bob Hensen,

Mosquito Equipment In Shop

City mosquito duster has been inoperative the past week, reported City Manager Dewey Bryant, and is being repaired in the factory.

Spraying has continued, but dusting will not begin again until late this week, when Bryant expects the duster to be returned.

City officials urged citizens this week to keep weeds in alleys cut, provide drainage where stagnant water could accumulate, and spray under eaves, in garages and dark corners where mosquitoes are likely to breed.

"We do not seem to have a mosquito problem at this time," said officials, "but precautions taken in care of alleys and such are wise, especially with recent rain."

John McLeod and Earl Brady, sixth place, Happy Yankees of Burt Lemmons; and Cardinals of Orville Hicks, seventh.

Approximately 400-500 boys participated in the various baseball leagues, which included divisions of all ages.

City Booster Club To Meet

New Canyon High School athletic coaches will be special guests at an organizational meeting of the Canyon Booster Club at 8 p.m. Tuesday in the high school cafeteria.

Officers will be elected and plans will be made for the coming year's activities, according to current Booster president T. H. Lair.

All Canyon Eagles fans who are interested in meeting the new coaches and supporting the team this season are invited to attend, said Lair.

More Rains For County

The rains fell, the waters ran, and the farmers smiled.

Randall County ranchers and farmers were pleased with the drenching rains that hit the area Sunday and Monday.

Canyon recorded 1.47 inches for the two days, but with varied amounts recorded throughout the county.

"The rains were tremendous help to the grain sorghum crop," said County Agent John Brazzil. "The feed crops look good, and the dryland feed is in good condition."

Brazzil also pointed out that the rains boosted the pasture lands in the county.

boys between 10 and 12 years old, and president this year was Richmond Hales.

Little League Majors championship went to the Yankees, who ended the season with 12-4 record under coach Roland Hicks and assistant Joe Rice. Other rankings in the league were: second, Redlegs, with Joe Batson; third, Dodgers, Jim Boyce; fourth, Braves, Dick Ziegler and J.B. Smith; and fifth, Astros, under Carroll Vaughan.

In Little League Minors, the Giants team coached by Bob Burks and Charlie Nichols captured the title with an 11-1 season record, followed by the second place Tigers, with coach Danny Hudson and assistant George Stevens; third, Phillies, Jerry Nichols and Bill Bronham; and fourth, Cubs, coached by Joe Hawkins.

Meanwhile, in the Peeewe League 9-year-old division the Angels, under Roy Lisle, posted a 9-1-1 record for first place. They were followed by second, Astros, Donald Day; third, Mets, Burl Brim; and Indians, Duane Guy.

Interest Grows In City Show

Nationwide interest in "Thundering Sounds of the West" is increasing steadily, and Irene Hicks of Canyon has offered the latest proof of this.

She received an article titled "Hi-Fi Under the Texas Sky" from her sister, Mrs. Bill Hall of Albany, California.

It appeared August 1 in the Albany Tribune, local daily paper, and was written by Mort Cathro, Tribune travel writer. Albany is located near San

Francisco. The lengthy description of Palo Duro Canyon and the Pioneer Theatre production is enthusiastic and informative and Cathro describes the show as "something I'll not forget."

"Although the accent is on sound...you don't have to be a sound bug to enjoy the show. An appreciation of history, of the early West, of horses, of spotlights playing on magnificently colored rock while a prairie breeze wafts through lazy mesquite trees, will do just as well," writes Cathro.

He describes the Canyon as "a sort of poor man's Grand Canyon—not as big or as remote, but possibly as beautiful...."

"You can see all five geological formations of the earth here in one place, and artists who paint the ridges and rocks and crags say there are 27 distinct colors represented."

According to Cathro the Palo Duro production is believed to be the first sound and light spectacle to tell the story of an historic, natural location rather than a famous monument or structure.

Cathro praises every facet of the drama, describing "music echoing through the ravines while dramatic lights play over the mystery and magic of a canyon 40 million years old."

Approval Given Food Firm To Serve WTSU Students

Officials To Sign Contract Today With Saga Food, Inc.

Approval has been granted West Texas State University to sign a one-year contract with a national food service chain which would handle the university food service program.

Initial approval of the move came from a local board and will be confirmed at the first meeting of the Texas Board of Regents, according to WT officials.

Under the agreement Saga Food Service, Inc., will take

over Monday the operation of the university food service for an expected record enrollment of 5,000 students.

Saga Food Service, Inc., with a Texas branch office in San Antonio, has agreed to the proposed contract. Joe Bogart of New Orleans, southern regional head, and Alan Lanprecht of San Antonio, state director, will meet with WT administrators this morning, Thursday, to sign the agreement.

"The idea came about following the resignation of former food chief Bob Clark late in July," explained Virgil Henson, WT comptroller, "and we began actual work on it about August 1."

"Our enrollment this fall should reach 5,000, and we expect to gain in economy alone by putting the service in the hands of experts. We feel sure the students will benefit, also."

The corporation will take over all operations almost immediately, he reported. WT din-

ing halls will be closed Thursday night and reopened under the new management Monday, same day that the football team re-

WT Housing Facilities Filling Up

Dorms at West Texas State University may be bulging this fall, according to pre-registration figures in the Dean of Men's office.

According to Dr. T. Paige Carruth, dean of men, the number of students living in university housing may double over the figure last year.

The latest official count was made Aug. 15, which showed that some 920 boys had requested dorm rooms. Last year's total for the same period was 689 boys. According to officials the increase is 34 per cent.

Tykes Sign Up For Kids, Inc.

Registration for Kids, Inc., football teams must be made before Sunday, according to coaches C.E. Winn and Jon Low.

All rosters must be complete by the time the coaches meet this Sunday, explained Winn, so that uniforms may be issued and weigh-ins may be held Monday.

Winn will coach the Minor League team, known last year as the midget team, while the Major League, or peeewe team, will be under the direction of Low.

Registration for the minors will be held Friday afternoon at 4 p.m. in Connor Park, said Winn, and can also be made by contacting him at HU 8-3513 before Friday or on Saturday. Winn urged all boys who register to be accompanied by one parent and bring a registration fee of \$2.50.

Minor League consists of nine and ten-year-olds under 100 pounds.

Information for registration in the Major League may be obtained by contacting Low at OL 5-2409. This team includes boys who are ten years old and over 100 but under 120 pounds; eleven-year-olds weighing under 115 pounds; twelve year old elementary school students who weigh under 110 pounds;

Commissioners Approve Plat

Randall County Commissioners Monday authorized acting county judge Gene McGlasson to sign contracts with Amarillo schools for the use of buildings for voting purposes this year.

Gene McGlasson, Canyon attorney, was chosen by Randall County lawyers to be acting county judge while Judge Lloyd King is on a two-week vacation.

In other action Monday, commissioners approved a plat for developing a tract of 3.3 acres in Pioneer Estates in east Canyon.

While the university telephone number remains OL 5-2161, extension numbers of the various departments and offices have been changed to four-digit numbers, due to an increase in the number of telephones with installation of phones in all dormitory rooms.

MISS ALICE WOMACK of Happy was named Miss Congeniality at the Miss Wheatheart of the Nation beauty pageant held in Perryton last Saturday night. Miss Womack, 18, is a graduate of Happy High School and the daughter of Mr. and Mrs. E.A. Womack of Happy.

Canyon Capers Host Jamboree

Panhandle Square Dance Association will host their annual Jamboree at the West Texas State University Student Union Building Saturday, August 28.

Some 500 persons are expected to register for the afternoon workshops and evening dance

in Canyon.

L.L. Wallace, Clarendon, will preside at the 2:30 p.m. business meeting. Wallace is president of the Panhandle Square Dance Association.

Following the business session the group will adjourn for refreshments provided by the Canyon Capers Square Dance Club.

Workshops will begin at 3:30 p.m. with the Teachers and Callers Association in charge. The workshop will include showing dancers new maneuvers in the square dance field.

Following the workshops the group will dismiss for the supper hour and resume with a Request Round of dancing at 7:30 p.m. A leading round dance teacher of the PSDA will be in charge of the request round.

Band Begins Fall Practice

Band rehearsals at regular school season hours will begin next week, announced Gary Zook, Canyon High School band director.

In spite of the one-week setback in the opening of school, said Zook, the CHS band will practice Monday, Wednesday, Thursday and Friday from 8-10 a.m. and Tuesday from 6-8 p.m.

Band members will continue to rehearse at the summer hours of 6:30-8:30 p.m. during the rest of this week, he added.

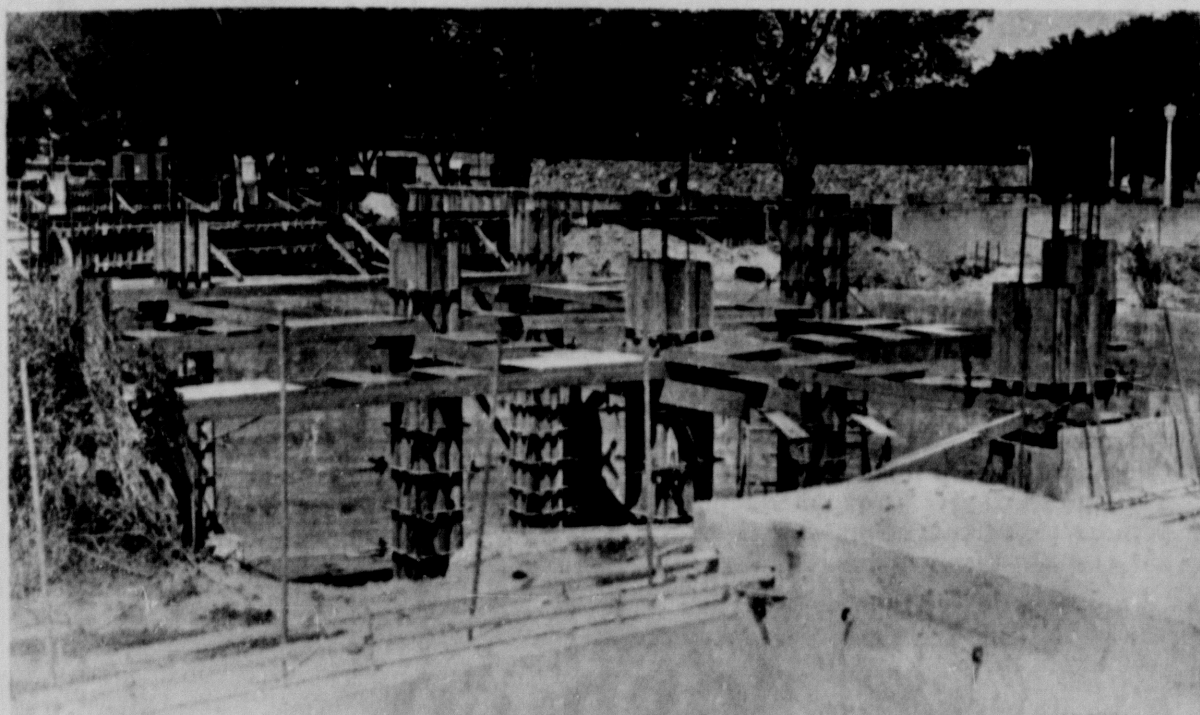

Another Sales Promotion Set

Canyon shoppers will have another shopping heyday Sept. 9 at the second Canyon Business Development promotion.

Benny Cooper, chairman of the development committee, said a Jig Saw Jamboree is planned Sept. 9, with near all Canyon merchants participating.

Finals plans for the promotion will be made at the regular Retail Merchants coffee to be held this morning, Thursday, at 10 o'clock in the American Legion Hall.

Details on the "puzzle finding" shopping spree will be announced next week.

PILLARS, posts and piles of metal and stone are rising rapidly at the new Kilgore Research Center. Builders expect to begin adding brick

before long as the huge building continues to grow deeper, wider and taller.

Four Cases Handled In County Court

Two persons entered pleas of guilty to charges of driving while intoxicated in Randall County Court this week.

James Lee Chambers, 21, of Hobbs, New Mexico, pled guilty to charges of driving while intoxicated and was fined \$50 and sentenced to three days in jail.

Hiram L. Allison, 59, of Canyon, entered a plea of guilty. He was fined \$100 and sentenced to three days in jail.

Ronald Ormie Lively, 49, of Amarillo, entered a plea of not guilty to charges of driving while intoxicated. His bond was set at \$500.

Alfred Jerry Finch, 21, of Amarillo entered a plea of not guilty to charges of wife desertion. His bond was also set at \$500.

Gene McGlasson, Canyon attorney, is serving as acting county judge while Judge Lloyd King is on a two-week vacation.

YWA's Have Mid-Year Christmas

"Christmas in August" will be the Friday program for members of the Young Woman's Association of the First Baptist Church of Canyon.

The event will be staged in the home of Mrs. Jimmie D. Martin, 1318 5th Avenue, beginning at 6 p.m.

Wednesday evening members of the Intermediate and Junior Girls Auxiliaries of the Church held their Christmas program at the Activities Building, northwest of Canyon.

Guests of Mr. and Mrs. W.J. Stewart last week were Lorena Johns and son, David, of Lake Havasu City, Arizona.

WT CAMPUS OPERATOR was rather restricted last week. Mrs. Joyce Davis carried on her duties over three telephones in a cubby-hole in the West Texas State University business

office while the switchboard was being moved to a larger area and the telephone operations expanded. Service is now back in order.

More Courses Offered At WT

Six courses, in both day and night sections, will be offered by the data processing department of West Texas State University's School of Business during the fall semester, which opens Sept. 13.

"Need for data processing operators, programmers, and analysts has increased so rapidly that an increase in offerings is necessary," said Durwood Henderson, assistant professor of business and head of WTSU's data processing unit.

Five courses have both day and night sections, and they include two freshman-sophomore level courses, "Introduction to Data Processing" and "Computer Oriented Data Processing."

Two junior level courses are "Computer Programming I" and "Computer Programming II." A senior level class is "Computer System Development and Design."

One senior course, offered only at night, is "An Executive Approach to Automatic Computers." The class is designed to meet needs of executives for information on data processing and computers, Henderson said.

Jerry Harguess, son of Mr. and Mrs. O.L. Harguess, has returned home after spending the summer in Salem, Oregon with his grandparents, Mr. and Mrs. Roy Landers. Jerry helped his grandparents on their berry farm during the summer.

Mrs. H.W. Cabe of Abilene has been visiting with her son, Jim Cabe, and family in Canyon for several days.

Some 125 invitations have been sent to radio, television and newspaper representatives to attend the luncheon followed by picture taking session in Buffalo Bowl.

"All the players will be in their uniforms, so all individual shots and group shots will be taken at that time," said sports information director Lou Spry.

Roberts Celebrate Silver Anniversary

Mr. and Mrs. Arthur M. Roberts celebrated their silver wedding anniversary last week with a party and reception at their home in Canyon.

The Roberts received approximately 128 guests during the early evening receiving hours. Guests were registered in the silver anniversary book by a niece, Mrs. Eddie Holcomb. The registration table was accented with a wedding picture of the couple.

White sheath cake was served by Mrs. Roberts' sister, Mrs. Chester Ford of Amarillo, with the couple's niece, Mrs. Van Ford of Amarillo, presiding at the silver service. Other

BIT 'Fantasticks' Has Melody, Magic

BY LINDA LOVE

Melody, magic and a delightful touch of madness proved an enchanting blend in last week's Branding Iron Theatre production of "The Fantasticks."

The highly musical and fast-moving fantasy was spiced lightly with romantic satire, and the cast of eight played it for laughs.

An appealing charm was retained throughout, also, due in great part to the excellent portrayals of The Mute by Jimmy Woods of Topeka, Kansas, and El Gallo, the narrator (and part-time bandit), by Gare Brundidge of Corpus Christi. The Mute provided both props and pantomime in an unusually imaginative part.

He reflected dialogue and action of the other characters, striking a perfect balance in his role by underlining effectively all that occurred on-stage, without distracting audience attention.

While it must be quite a feat to smile so brightly through most of the show without tiring, Woods had much to smile about in his choreography of the musical-comedy. Dances were natural and enjoyable, particularly those of the two fathers, a little reminiscent of Eliza Doolittle's father in his "My Fair Lady" dancing. All stage movement was fluid yet pronounced and had a lyrical but meaningful quality.

Brundidge served to explain the show, too, but in quite a different manner. His portrayal of El Gallo--bandit, promoter and narrator--projected the engaging flair of the classic "Rainmaker." He described himself as a bandit who stole fancies, "the most precious possessions," and his major purpose was to present these fancies to the spectators. This he did, and little of the charm was lost in their transfer.

Brundidge opened the play with its theme, "Try to Remember," and continued throughout the evening to deliver a variety of numbers in a well-controlled but dynamic manner which captured and held audience interest.

Deserving of much credit for the musical success of the play is musical director Elsa Porter. Numbers were well-paced and words and rhythm were distinct. Weakest moments came in the larger group efforts, when some deliveries were strong in quality, while others were not so adequate nor well-coordinated.

The 15 numbers were melodious and varied. A couple, such as "Round and Round," seemed to miss their mark somewhat in purpose but were strengthened by action and the fine direction. Crowd favorites seemed to be the light and lively ones, especially "It Depends On What You Pay," the fathers' discussion with El Gallo of the type of abduction to arrange.

Story line involves two fathers whose arranged feud brings the son of one and the daughter of the other together, with a twist occurring as the "light of day" reality brings complications and, finally, a reconciliation. Stage direction by William A. and Margaret E. Moore was most effective and the actors carried it through with ease and naturalness.

Choral backing was provided on two numbers by Terry Milligan, Dana Porter and Diane Parks, and musicians were Frances Crawford at the piano, Joe Wayne Harper on string bass, and Barbara Jeffress at the harp.

Design and technical direction was skillfully handled by Erin Wertenberger to set moods and scenes in a production almost devoid of props.

In the title roles of the young girl and boy, Luisa and Matt, were Milla Beth Gibson of Sweetwater and William Moore of Canyon. The duo was well-cast in appearance and furnished generally sound performances in their delightful roles.

Mrs. Gibson was the more outstanding vocally, bringing to her role a lovely and highly capable voice, while Moore's delivery showed excellent training but had moments of unevenness. This difference was well balanced, however, in their acting duties. Moore scored with good control and expressions for a distinct portrayal of the young man; but Mrs. Gibson's acting held less variety and subtlety, at times bordering too heavily on the overly-childish girl and calling up images of Eloise pouring water down the mail chute.

Jena Beth Winfield and Verreece Winfield as Plaintiff's, William Martin as Defendant. The nature of said suit being substantially as follows, to wit:

Paragraph No. II through VII of Plaintiff's Original Petition. If this Citation is not served within 90 days after the date of its issuance, it shall be returned unserved.

Issued this the 20th day of August A.D., 1965.

Given under my hand and seal of said Court, at office in Canyon, Texas, this the 20th day of August A.D., 1965.

MAVIS HILL Clerk

By Janice Gerber Deputy

II.

On the 23rd day of July, 1948, Plaintiff Jena Beth Winfield was divorced from Defendant William Martin. Said divorce decree was entered in Cause Number 2041, District Court, Judicial District, Randall County, Texas.

III.

The decree of divorce entered in said cause provided that Plaintiff Jena Beth Winfield, formerly Jena Beth Martin, was to have the possession, use and enjoyment of the home and furnishings belonging to Plaintiff and Defendant. Said decree also provided as follows:

"It is further ordered by the Court that in the event said defendant shall fail and refuse to make the monthly payment provided herein and shall fail to make the payments required on said loan and said plaintiff be required to make the same and make it, that she shall be entitled to be segregated to the lien existing on said premises in her favor as against any interest in the property owned by said defendant and that she should make such payments and partition of said property be hereafter made that all of such payments so made by

her shall be considered as her separate property and that she shall have a lien on said home and the community interest thereon to secure its payment together with the rate of interest which said loan now draws from the date of payment until the establishment of said lien." Said residence is located at 4013 South Hayden Street, Amarillo, Texas and is described as Lot 12, Block No. 10 of Hermitage Addition to the City of Amarillo, Randall County, Texas.

IV.

From the date of the granting of said divorce decree, Plaintiff Jena Beth Winfield has made all except two of the mortgage payments on said residence, which payments since the 23rd day of July, 1948 through the 20th day of August, 1965, have amounted to one hundred fifty-four payments of \$33.30 each, or an aggregate of \$5,128.20 (principal - \$4,003.84, plus interest of \$1,124.36). The above described mortgage payments have been made on one certain promissory note payable to the order of Farm & Home Savings & Loan Association of Missouri in the principal amount of \$4,500.00. Said note is secured by Deed of Trust of record at Volume 45, page 277, of the Deed of Trust Records of Randall County, Texas, to which record reference is here made for all purposes.

V.

Under said decree of divorce and under the facts Plaintiff Jena Beth Winfield is entitled to a partition of said residence and reimbursement for the pro rata portion of said mortgage payment which accrued to the benefit of Defendant, to-wit: one-half of \$5,128.20, or \$2,564.10.

VI.

Though demands have been made by Plaintiff upon Defendant to pay such pro rata portion of said mortgage payment and interest, and though demand has been made by Plaintiff Jena Beth Winfield upon Defendant for a partition of said residence, the Defendant has failed and refused to pay to said Plaintiff such pro rata portion of said mortgage payments, interest thereon, and said Defendant refuses to agree to a partition of said residence and furnishing to Plaintiff's damage in the sum of \$2,564.10.

VII.

Premises considered, Plaintiff Jena Beth Winfield prays that Defendant be cited to appear herein and on final hearing Plaintiff Jena Beth Winfield have judgment against Defendant for the sum of \$2,564.10, interest and costs; for foreclosure of such lien created by said judgment of divorce; order of sale and for partition of any amounts which said residence may bring over and above Plaintiff's lien, and for general relief.

Bowlers Tourney Rolloff Underway

Charlie McCalla and Ruth Foster, both of Canyon, have taken top honors in the first week of rollofs in AMF's "Beat the Champ" tournament at Canyon Bowl.

McCalla led the field of men bowlers with a three-game series of 701. Ruth Foster led the ladies with a 587 series.

Second place in the men and women's competition went to John Waldon Scott with a 648 series and Mary Cheatham with a 557 series. Both are from Canyon.

In third place among the bowlers were Al Cumberledge with a 633 game series and Melva Williams with a 544 series.

Each of the six winners have now qualified to compete in the final house elimination to be held September 26 at Canyon Bowl in Canyon. The final elimination will determine the three top men and three high women bowlers who will bowl against AMF's staff of champion members, Dick Weber and Donna Zimmerman, in the finals scheduled for October 5 at Eastridge Bowl in Amarillo.

Three more weekly qualifying rollofs are scheduled at Canyon Bowl with winners qualifying to bowl in the final house eliminations. There is no entry fee for the tourney and anyone with a 1964-65 ABC or WIBC average, based on a minimum of 21 games, may enter.

Bufs Face Tough Season Schedule

When fall football practice opens for West Texas State early Wednesday, Sept. 1, head coach Joe Kerbel will be grooming his charges for perhaps the toughest schedule ever undertaken by a West Texas State team.

The Buffaloes have 20 lettermen back and have added some outstanding transfers in addition to several fine sophomores.

Kerbel plans to use the two-platoon system this fall, but also had indicated that a few folks will probably see some two-way duty. Among these are Terry Funk, senior tackle, who is capable of fine work at either offensive tackle or guard or defensive guard or defensive guard. Funk, a two-year letterman, is still growing and will play at 220 or more this fall.

Vern Kosub is another Buff scheduled to see action on both units. The San Antonio native is a solid 200-pounder who has won two letters at guard.

Two other two-year veterans will be key men in the offensive and defensive lines. George Allen, 6-7 and now 250, may be ready to blossom into the fine offensive tackle the Buffs need to pair with Funk. George has won a pair of letters and has seen some defensive duty, but because of his fine speed (10.5 sec. in the 100-yard dash) his 1965 efforts will be confined to offense.

The leader of the defensive front foursome is Butch Walterscheid, a 215-pounder from Hereford. Butch won a pair of letters playing two-ways attend, but the 1965 plans call for him to be at defensive tackle.

Even though Funk and Walterscheid are going to be in relatively new spots, Kerbel is not worried about their performances being below par. "They are two of our finest," says Joe. "I'm sure that they will soon be at home in their new positions. They both showed

fine adaptability in spring drills."

With the possible exception of quarterback, the Buffs will field an all-letterman offensive unit, however, depth is once again a big problem and sophomores and transfers will be depended upon in many places for reserve strength.

The key transfers are quarterback Spencer Washington and linebackers Burl and Earl Wood and Dave Gasser. All proved their mettle in the spring and linebacking trio was a real God-send since the Buffs' linebacking corps was reduced to near zero with the graduation of Charlie Daves and Doc Rowell.

Prior to the opening of practice, the coaches and squad will host the area news media in the annual Press Day luncheon and picture-taking session on August 31.

SHOOTING AT a target with a bow and arrow is Mrs. Jack Collier, mother of four, who lauds archery as a good family sport providing exercise and skill for the entire family.

ly, Mrs. Collier describes the Canyon Archery Club and other facets of information for local readers.

Bow 'n Arrow Club Is Family Activity

BY LORENA MILLER
"Archery is a good family sport," said Mrs. Jack Collier, secretary-treasurer, for the Canyon Archery Club.

"The Canyon Archery Club was founded in March 1965 with 10 members under the leadership of Phil Barlow who was later elected president," commented Mrs. Collier.

The club holds business sessions once each month on Thursdays prior to the club shoot which is held the first Sunday of the month year-round. "Of course if we have extreme bad weather for the shoot we cancel," said Mrs. Collier. The club range is located from the expressway 1/2 mile west on the Hunsley Road.

The archery range is kept open for practice all month stated Mrs. Collier who commented "and those who practice regularly are the best shooters at regular meets."

"It is advisable to shoot for a short time daily to keep in practice," Mrs. Collier smiled as she adjusted the leather arm guard and put on the archery glove with three finger covers. "Jack can string the bow by himself but I need help to put the string on the bow when I use it," she explained. For added protection and longer wear, the bow is unstrung when not in use.

The Collier home, 603 8th Avenue, is also a semi-archery store with extra arrows, feathers and other archery paraphanelia stored and sold to club members.

Collier is club field captain and is in charge of keeping the archery range in "shoot-shape." The archery range is the first located in Canyon though two are active in Amarillo. Club activities are designed for the entire family from the six-year-old to adults according to Mrs. Collier.

"In the youth division, 6-14 years, they shoot about 10 yards shorter than the adults," Mrs. Collier said. Of course targets and distance shoots vary considerably.

The field round target consists of three circular rings, black on white, and are scored according to the ring hit. In the hunter's round the target is all black with a white center. The animal round features a large target of a moose, deer, or bear with the shorter range

shooting at targets of smaller animals.

The American Round includes shooting three arrows at varied distances and the target is varicolored with different colored rings accounting for final scores.

"We usually shoot in groups of four then all go down tally up their scores and retrieve their arrows," Mrs. Collier said. "It requires a lot of walking as we are sometimes shooting from 80 yards at the target."

The club sponsors a "roving trophy" in the men's, women's, and children's division. The trophy is awarded for high scoring at the regular monthly shoots and when won three times in a year by a person is awarded to the person to keep.

Archery shoots are conducted on Sunday afternoons with registration from 1:15 to 2:00 p.m. Mrs. Collier commented that the shoot is usually concluded by about four in the afternoon.

The local archery range is set in a cleche pit and "we have to shoot uphill, downhill, over draws, and many ways to hit the targets," said Mrs. Collier.

"Of course the target range is nothing compared to real hunting expeditions of the club. Several members will be gone next week on a bow-n-arrow hunt in the Rio Grande National Forest near Platora, Colorado," Mrs. Collier said.

Among those participating from the local club will be the Lonnie Peters, Phil Barlows, and Jack Colliers with additional groups attending from Friona, Amarillo, and Nocona. "We'll camp out during our stay. The only hunting will be done with bow and arrow which is quite different than taking guns," said Mrs. Collier.

"The deer usually come back to their favorite watering hole, feed in the same place and seem quite tame when hunting with bow and arrows," Mrs. Collier stated. "Of course when they hear a gun blast they all head for the higher hills."

Founded in March 1965, the Canyon Archery Club has as its officers Phil Barlow, president; Sue Collier, secretary-treasurer; Jack Collier, field captain; and Wendell Roy, publicity chairman.

During the few months that

the club has been organized the membership has grown from the original 10 to some 34 including Mr. and Mrs. Lonnie Peters and two children, Mr. and Mrs. Jack Collier, Mr. and Mrs. Tom Payne and three children, Phil Barlow, John Craig, Mr. and Mrs. Donald Davis, Mr. and Mrs. Glen DeBoyce, Mr. and Mrs. Rex Griffin and three children, Mr. and Mrs. Harold Lovelady and two children, Dennis Stevens, Wayne Snelling, Lewis Wygant, Mr. and Mrs. Glenn Reeves, Don Hall, and Bill Walker.

Four new faculty members in four departments have been named to complete the new staff for 1965-66 at West Texas State University, according to President James P. Cornette.

They are Dr. Prentice A. Caraway, professor of biology; Mrs. Marion Galvin, assistant professor of art; Mrs. Joy Henshall, instructor in business; and David Gene Ritter, instructor in music.

Under the contract the university will take inventory of all facilities and stock. Saga will control the complete operation, purchasing all supplies, hiring workers and paying salaries, and handling all other duties. The inventory will be kept track of, with the food service organization replacing all differences.

Payment of Saga by WT will be on a fixed fee basis of \$279.52 per year for every student holding a meal ticket. This year will be the first time WT has allowed students an option in buying meal tickets.

According to Henson, a total of \$360 per year in meal purchases will be paid by each student wishing a meal ticket. The balance of this amount, after deduction of the food service fee, will be used for maintenance and other regular associated expenses.

With a meal ticket, explained Henson, a student may eat all he wishes of anything, going back for seconds on everything including meats and desserts, formerly one-helping items.

According to Henson's figures, a student eating every meal on campus will be paying approximately 58 cents a meal. Estimate for a typical student, however, who would not take complete advantage of his ticket, would be an average of 90 cents each for lunch and dinner and 50 cents for breakfast.

Under the new optional ticket system, students wishing room and board at WT will pay \$303.60 per semester. The sum may be paid in four installments, Henson said, due September 13, October 12, November 9 and December 11. Those who prefer only to rent a room may do so for \$120 per semester.

Basic operations and rules of the dining rooms will not change, he added. Meals will be served in the new East Dining Hall and in the West Dining Hall of the Student Union Building. Of the 5,000 students expected this fall, approximately 1700 will live in dormitories, he estimated, and only these will be allowed meal tickets. Anyone else may eat in the dining halls, however, by paying a cash price.

Regular meal hours are: breakfast, 7 a.m.; lunch, 11:30 a.m.-1:30 p.m.; and dinner, 5-6 p.m. Henson estimated an average group of 1200-1300 persons served at every evening meal. Only the noon meal will be served Sunday. Service will be discontinued during Thanksgiving, Christmas and Easter holidays and between semesters.

Saga will also continue to purchase supplies from local merchants and Amarillo wholesalers, he assured.

Arrangements for various banquets and such will be made with the manager of the dining services, said Henson, with final approval by WT. Lanprecht is expected to take initial charge of operations here himself until a new manager arrives.

For such special occasions involving WT, a flat fee will be paid for food service. When the meal is arranged with an outside organization, Saga will pay 12 1/2 per cent of the fee received to the university for facilities used.

Saga was founded in New York in 1948 for the express purpose of serving colleges, said Henson. Its initial goal is quoted as being to provide college students with inexpensive meals "consistently high in quality and interestingly varied in selection."

It deals now with 175 colleges and universities, including approximately eight Texas schools. School sizes vary, Henson mentioned, naming such schools as Hardin-Simmons and Arizona State University (13,000) as examples.

Players were Jerry Mariner, Randall Hicks, Randy Read and Rick Hales of the Yankees; Tommy Airington, Kelly Tinsley and Ben Byrd of the Redlegs; Randall Burton of the Astros; James Boyce, David Smith, Billy Reynolds and Rick McDowell of the Dodgers; and David Day and Stu Downing of the Braves.

Dr. M.B. Measamer, professor of geography at West Texas State University, said this week that the moisture received over the week end brought the year's total to 20.89 inches.

"Last year at the end of August we had recorded about 9 1/2 inches of moisture for the year," Measamer pointed out. He continued by saying that at the present time Canyon is about 5 1/2 inches above the norm for this time of year.

Board Drops Seniors Picture Days National Membership

Canyon Chamber of Commerce discontinued their membership in the United States Chamber of Commerce at the regular meeting of the board of directors Monday night.

"I think we will be spending money for national dues which could be put to better use, close to home," said Bill Davis in making the motion to drop the membership.

The board was notified this week that dues to belong to the national organization were doubled from \$25 to \$50.

"I don't think we get that much good from the national chamber," another director explained.

Directors also voted to give \$100 to the Council of Presidents of Texas Colleges and Universities for use in financing a campaign for the passage of the Constitutional amendment for financing the construction of new buildings for state colleges and universities.

"A public relations firm has been contracted to help pass the amendment, and all state schools are asking help in raising money to pay for the campaign," H.R. Fulton, president, said after discussing the project with West Texas State University President James P. Cornette.

A list of prorata portions of the financing for each state college and university was presented to the board. West Texas State University's share was \$825.53.

"I think all of us would agree that the cause is a good one and that the financing must be done, but of course institutional funds cannot be used for such a purpose," read a letter from Dr. Cornette.

The board discussed contacting other organizations to raise the additional money for WT's share of the cost.

Plans for a banquet honoring new university and public school teachers were discussed during the Monday meeting. A date for the banquet will be set next week, according to Fulton.

Directors also agreed that the date for the Old Settlers Reunion should coincide with the West Texas State University Music Camp, which is held annually in July.

"We need bands to march in the parade, and if the celebration and the band camp were held at the same time, perhaps we could get several bands to march," said Davis.

The board voted to ask Dr. Dudley Moore to serve as parade marshal for next year's Old Settlers Reunion parade.

Cook Contributes Dessert, Dinner Dish

BY LORENA MILLER

Sharing recipes for Cream Puffs and One Dish Dinner with our readers this week is Mrs. A.L. Bacon of 2500 6th Avenue.

Mother of five, Mrs. Bacon was reared in eastern New Mexico. Her mother, Mrs. Stella Smith, now lives in Clovis. A product of a large family, Mrs. Bacon was one of ten children including a sister, Mrs. Ivan Gatlin, who lives in Amarillo.

Her husband was reared near Floyd, New Mexico in a family of five sisters. He is a retired railway mail clerk.

The couple moved to Canyon in 1950 from Amarillo and are members of the First Baptist Church where Mrs. Bacon serves as nursery co-ordinator.

Among other hobbies, Mrs. Bacon said, "I like working outdoors with the flowers and shrubs and get a lot of assistance from my husband even though he works on his knees and just crawls his knees out."

Of course working in the garden is only one of Mrs. Bacon's hobbies. Sewing for her family, including a year-old grandson, Kevin, who is staying with her while his mother, the former Barbara Bacon, is teaching school in the Canyon Public

School system, takes up much of her time.

Barbara is the wife of Tom Graham who is presently serving in Viet Nam. Mrs. Graham graduated from Canyon High School and West Texas State University.

Wanda, the Bacon's second daughter, graduated from Dora, New Mexico High School and is presently a senior student at West Texas State University in Canyon as is her husband, Alton Johnson.

The Bacon's oldest son, Ronnie, graduated from Canyon High School and attended WTSU last year. He is presently working in Tulsa, Oklahoma for the summer.

Ricky is a senior at Canyon High School this fall and will participate on the basketball team. Kenny will be a seventh grade student at Canyon Junior High.

"Practice is perfection with any recipe," said Mrs. Bacon discussing Cream Puffs which she made for a recent social gathering of church teachers. The One Dish Dinner may be prepared ahead of time to serve large or small gatherings according to Mrs. Bacon.

Her recipes follow:
CREAM PUFFS
1 cup water

1/2 cup butter, oleo
1 cup flour
1/4 tsp. salt
4 eggs

Put water and butter in saucepan and heat until water boils. Pour flour and salt into hot mixture and beat well. Stir and cook over low heat until mixture forms a stiff ball.

Remove from heat and add unbeaten eggs one at a time, beating thoroughly after adding each egg. Drop by teaspoon for small puffs or tablespoon for larger puffs on a greased baking sheet.

Bake at 450-500 degrees for 15 minutes then lower heat to 325 degrees for 25 minutes. Fill with pie filling such as pineapple cream, lemon cream, or chocolate.

ONE DISH DINNER

Judge Clark Hospitalized

Corporation Court Judge D.P. Clark is reported in fair condition in Neblett Hospital with encephalitis, according to his attending physician.

Clark was taken to Neblett last Wednesday to be treated for a different illness and was released after one day's observation.

The judge, 83, was stricken Saturday morning with encephalitis and returned to the hospital, where he will remain two weeks.

Camp Home From Marines

Louis Dean Camp, son of the Bill Camps, has returned to Canyon after serving four years with the U.S. Marines.

A graduate of Canyon High School, Camp spent 3 1/2 years at the Naval Air Station in Oak Harbor, Washington.

Camp completed one year of college work at West Texas State University prior to his service duty and plans to complete his studies at the University.

MRS. J.A. FUSTON, 83, and her daughter, Pauline Bogan, relax on the family's screened-in front porch for a look at the original history of the civil war which was participated in by Mrs. Fuston's father. Mrs. Fuston was born and raised at Rocket, a town founded by her great-grandfather.

Front Porch Is Relaxation Spot

Mrs. J.A. Fuston, 83, spends many afternoons visiting with her daughter, Pauline Bogan, on the family's screened-in front porch at 1409 6th Avenue in Canyon.

Born 1882 in Rocket, the former Naomi Elizabeth Sullivan was reared in a town originally founded by her great-grandfather.

"Before I married I taught school in a little two-teacher school in Ellis County," Mrs. Fuston recalled.

In June 1904 Mrs. Fuston and her husband, the late John Andrew Fuston, were married. He was the son of a large family consisting of four sons and four daughters who were ori-

ginally from Tennessee.

Mr. Fuston was a ginman and cotton merchant and was very active in the Masonic Lodge and civic affairs of the community according to his wife. The couple lived in Italy, Waxahachie and later in Denton.

The couple had two children including a daughter, Pauline, with whom Mrs. Fuston now makes her home and a son, A.L., who lives in Hereford. Mrs. Fuston presently has 6 grandchildren and 8 great-grandchildren.

A member of the First Christian Church, Mrs. Fuston was formerly active in book clubs and the Shakespearean Club in Italy during her younger years.

"My husband and I were both active in churchwork and he was superintendent and Sunday school teacher at one church for 35 years," proudly commented Mrs. Fuston.

"During the '29 depression our children were small and we had all types of problems then," Mrs. Fuston recalled.

Her father, Sullivan, was active in the civil war era prior to the birth of Mrs. Fuston. "I still like to crochet and am presently working on a braided rug," said Mrs. Fuston commenting on her failing eyesight. She formerly was interested in a great many spare time hobbies including embroidery, knitting, plastic flowers and crochet.

WTSU Made National Test Center

West Texas State University has been designated a test center for administering the National Teacher Examinations Oct. 2, Dr. Kenneth W. Waugh, director of student personnel services, has announced.

College seniors preparing to teach, and teachers applying for positions in school systems which encourage or require applicants to submit their scores on the National Teacher Examinations along with other credentials, are eligible to take the tests. The exams are prepared and administered by the Educational Testing Service of Princeton, N.J.

Bulletins of information describing registration procedures and containing registration forms may be obtained from Dr. Waugh at WTSU, or directly from the National Teacher Examinations, Educational Testing Service, Box 911, Princeton, N.J. Prospective teachers planning to take the test in October, should obtain registration forms promptly, Dr. Waugh said.

Designation of WTSU as a test center will give prospective teachers of this area an opportunity to compare their performances with candidates throughout the nation, according to Dr. Waugh.

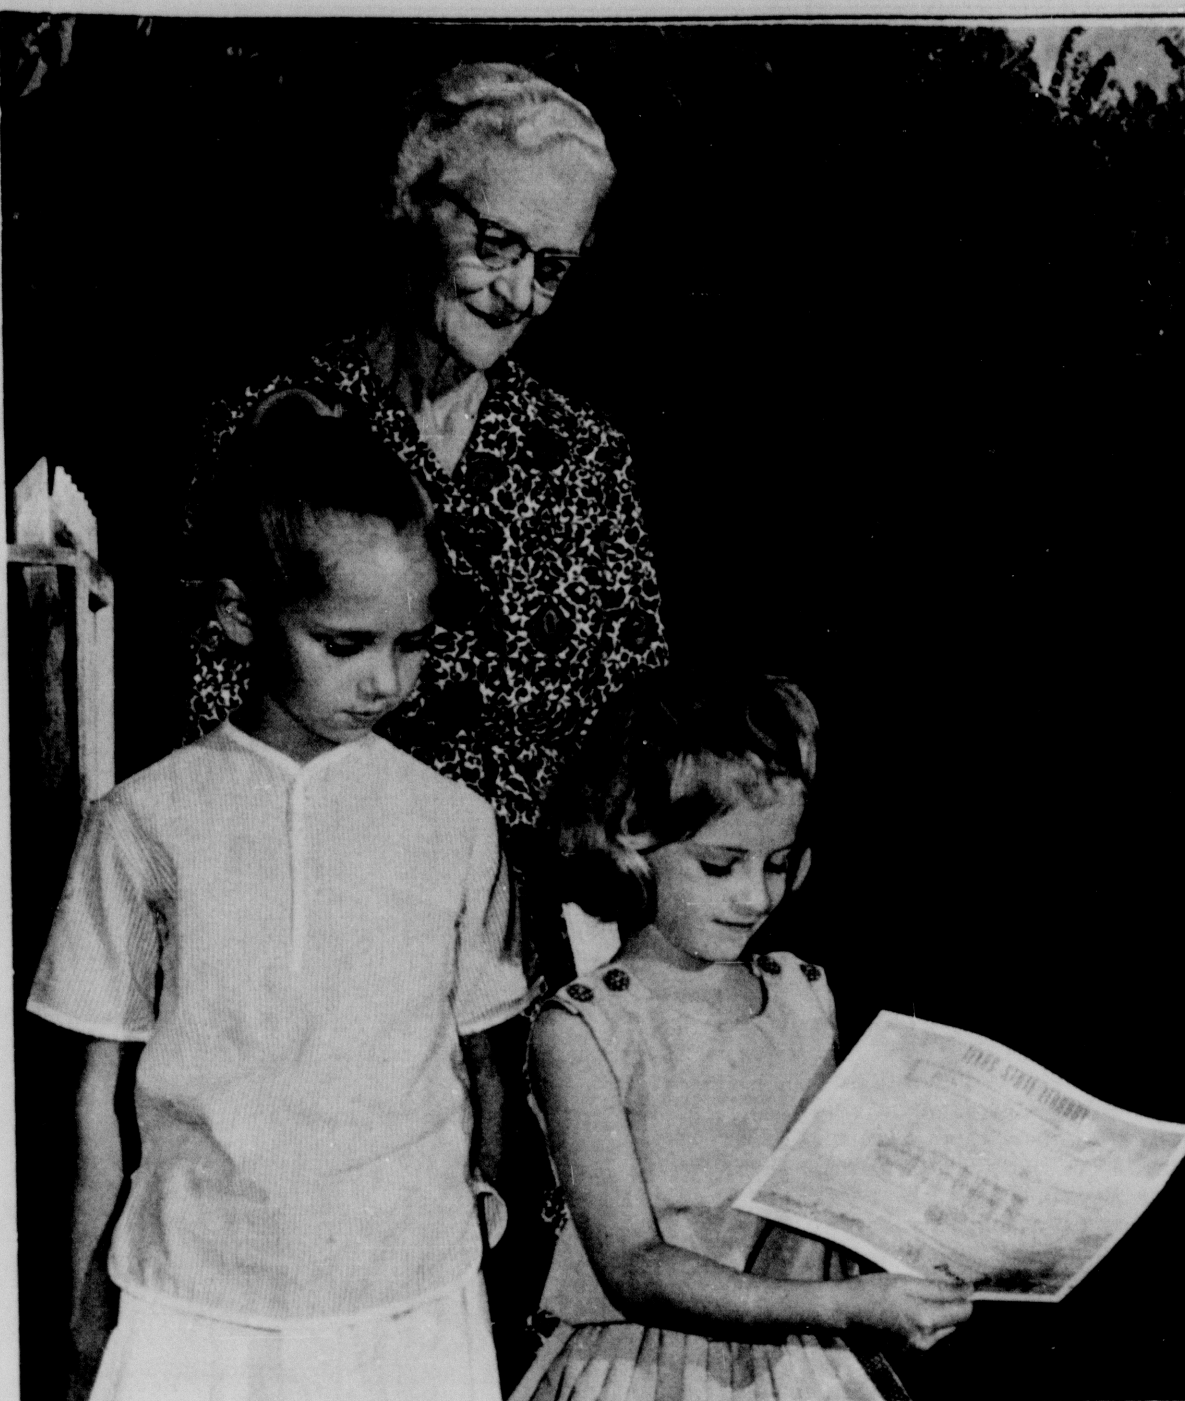

During the one-day test session, a candidate may take the Common Examinations, including tests in professional and general education, and one of the 13 teaching area examinations, which is designed to evaluate his understanding of the subject matter and methods applicable to the area he may be assigned to teach.

Rookies Hanging On

Wilton Manley and Earl West are the only two former West Texas State rookies remaining in pro football camps.

Manley, an Abernathy native, is being used as defensive tackle by the Dallas Cowboys at their Thousand Oaks, California training camp. Big Wilton now weighs 255, some 20 pounds more than his WTSU playing weight.

West, originally signed by the Saint Louis Cardinals, is now working out with the Norfolk (Virginia) Neptunes of the Continental Football League. Earl played both offense and defense for the Buffs for three seasons and led the team in scoring last season.

Four other Buffs failed to make the grade this summer. Charlie Daves suffered another injury to his knee and was released by Toronto of the Canadian Football League as was Pistol Pete Pedro. John Varnell drew the pink slip from the Los Angeles Rams after cracking a vertebrae and fullback Russell Mundy got his walking papers just last week from the Houston Oilers.

In addition to West and Manley, four ex-Buffs are on first units of professional teams. Jerry Logan and Jerry Richardson are defensive backs with the Baltimore Colts and Los Angeles Rams, respectively; Bob Petrich is a defensive end with the San Diego Chargers and Tommy Joe Coffey is beginning his seventh season with the Edmonton Eskimos.

Certificates Given In Reading Program

A backyard party and awarding of certificates was held at the T.B. McCarter home recently for conclusion of the summer reading program in Canyon.

Some 56 students were awarded certificates at the affair with Kelly Cox, daughter of Mr. and Mrs. Elton Cox, recognized as the one who read the most books. Miss Cox was credited with reading 42 books during the summer program.

Tying for second place honors were Stephanie Dawdy and Ellen Jones. Both girls had read 30 books each.

Some 148 students were registered for the summer reading program which required the completion of 12 books to receive a certificate according to Mrs. Chester A. Pierle, Librarian at Randall City-County Library.

"Books can be a mainstay all of your life," stated Dr. Mattie Mack, English professor at West Texas State University, who was guest speaker for the event.

Dr. Mack said, "Books are our friends. They make us literate and educated. Libraries are as important, or should be, as the swimming pool and other meeting places of our youth."

Mrs. T.B. McCarter, president of the library board, served as mistress of ceremonies for the afternoon meeting. Certificates were awarded by Mrs. Pierle.

Mrs. Pierle commented that "some families had as many youngsters as three participating and completing the certificate requirements. Readers this year represented Umbarger, Happy, South Amarillo, Wayside and Canyon."

Receiving certificates were Nickie Abbott, Vickie Abbott, Debbie Gay Abbott, Carolyn Allen, Jeana Altmiller, Maurine Bonds, Brenda Gayle Brooks, Kelly Cox, Stephanie Dawdy, Gary Duncan, Sandy Eck, Jamie Eck, Terri Rae Green, Marc Guy, Linda Mae Hales, Willie Hales, Johnny Dale Hall, Vickie Joy Hamblen, Jim Hand and Andy Hand.

Baylor President Attends Dedication

"Total Stewardship" was the theme of a message delivered Saturday night by Dr. Abner McCall, president of Baylor University, at the dedication of Mays Auditorium at Amarillo Baptist Assembly.

Stewardship must involve the total Christian, said Dr. McCall, rather than only one or

two phases of Christian giving.

Dr. McCall spoke during a dedication service which began at 8 p.m., following a recreation period and the annual fish fry at Amarillo Baptist Association's Brotherhood Family Night.

Approximately 750 members of the brotherhood and their families were present for the service, held to dedicate Mays Auditorium, donated by W.A. Mays of Amarillo in honor of the memory of his father and mother.

The auditorium is completely furnished and includes an organ and a piano. It will be the scene of all future special programs and worship services to be held during summer camps, as well as other conferences during the year.

Mays presented the auditorium formally to association members during the service, and acceptance was made by Grayson Glass. The program began with a song service led by J. Kenneth Robinson and the scripture and prayer by George Parker.

Baseball trophies earned during the summer season were presented by Earl Smith, and other recognitions and announcements made.

MIXED FEEDS were scattered across Highway 287 two miles south of Canyon near dusk Wednesday night after a feed truck turned over in the westbound lane.

Truck Crash Dumps Feed

No one was injured, but there was plenty of spilled feed on Highway 287 two miles south of Canyon, last Wednesday evening when a feed truck overturned.

According to Highway Patrolman Bill Clifton the 1964 truck loaded with mixed feeds was bound for its home base in Amarillo when a tire went flat.

The tire's going flat, said Clifton, caused the companion tire on the same wheel to blow out, and the driver, Sidney B. Calaway of Amarillo, was unable to control the truck. It weaved back and forth along the right side of the four-lane highway, then turned over.

The accident occurred at 7 p.m. The truck belongs to a feed firm owned by Frank Thomas, Jr., of Amarillo, Clifton reported.

Canyon Young Homemakers will be in charge of decorations for the joint banquet to be attended by Young Farmers and Homemakers of the area.

Plans were outlined for the upcoming programs of the club

including a September social, October program on Wills, and November on Christmas decorations and wrapping.

Sponsored through the Home and Family Life Division of the Texas Education Agency and the

local homemaking teacher, the local chapter welcomes new members to attend any meeting on the third Tuesday of each month at 7:30 p.m.

Membership includes women not enrolled in high school who are under 36 years of age. The purpose of the organization is to provide creative opportunities for young women in maintaining effective personal, family and community life.

Hodges In Training Maneuvers

Army Pvt. John T. Hodges, son of Mr. and Mrs. Ben W. Hodges, of Happy, is one of the many 3d Infantry Division soldiers who took part in a grueling two-week training program on mountain warfare in the Bavarian Alps, ending Aug. 16.

Hodges was familiarized with such tactics as rappelling, a method of descending the side of a mountain by sliding down a

series of ropes, 80 to 100 feet at a time.

The 21-year-old soldier, a radio telephone operator in Company A, 1st Battalion of the division's 15th Infantry, entered the Army in October 1962. He completed basic training at Fort Polk, La., and arrived overseas in March 1964.

Hodges attended Happy High School.

Mrs. SoRolle To Address World Group

Mrs. Zell SoRolle, associate professor of speech at West Texas State University, left August 15 to read a paper at the Second World Congress of Phoneticians in Tokyo, Japan.

While attending the international conference, held every five years by the Phonetic Society of Japan, Mrs. SoRolle will also act as co-chairman of a three-day session on "Other Languages." The session will include a study of several different languages, according to Mrs. SoRolle.

"I consider this the greatest honor I've ever received," exclaimed Mrs. SoRolle happily. "It will be a great thrill for me."

Mrs. SoRolle teaches various speech classes at WT but specializes in phonetics. Her paper will be based on her doctoral dissertation, "Segmental Phonology of Texas Panhandle Speech." She defended the dissertation two weeks ago at the University of Denver, earning a Ph.D. which she will receive in absentia August 20.

She will travel to San Francisco and Honolulu enroute to Tokyo, said Mrs. SoRolle, for the five-day conference, which begins August 26. Visits to nearby points of interest in Japan have been scheduled by the congress. Mrs. SoRolle will be gone approximately three weeks.

The teacher received her B.S. and M.A. degrees at WT and has been a member of the faculty here for three years. Last December she presented a paper titled "Kinesics, Paralanguage and the Oral Interpreter" before the Speech Association of America.
